EDMONTON, ALBERTA, WEDNESDAY, DECEMBER 14TH, 1904

No. 290

ARRIVAL IN OTTAWA

CANADA'S GOVERNOR GENERAL

Enthusiastically Received Upon His
Arrival in the Capital. Presented
With an Address.

Bulletin Special.

Ottawa, December 13.—Earl Grey received an enthusiastic reception on his arrival here to-day. There was a large crowd out to give him a hearty welcome. There was a guard of honor and a mounted escort. A royal salute was fired. In the afternoon a delegation from the city council waited on His Excellency and presented him with an address, to which he made a fitting reply. He spoke of the great resources of the country, of its vigorous climate and splendid scenery. In the evening Earl Grey attended the theatre.

Varsity Students May Strike

Toronto, December 14.—There is a certain unrest among the students of Toronto University and there is talk of forming a committee to draw up a memorial for presentation to the Senate. Failing action by this body it is said that the strike of 1896 may be repeated. Among other things, it is charged that there are factions among professors and that partiality is shown to certain students, to the disadvantage of others.

In Memory of Jos. Howe

Halifax, December 13.—At three o'clock this afternoon the statue to the memory of Jos. Howe, that adorns the Provincial building square, was unveiled with appropriate ceremony. The ceremonies were followed by addresses by Attorney General Langley and others.

JASPER AVENUE.

For ladies' boots and shoes, no ordinary shoe polish will do. You may ruin fine leather with acid or turpentine preparations, and then if the polish is not "fast," delicate clothing and lace may be soiled beyond redemption.

2 in 1

is everything that the most fastidious could desire—no acids or turpentine—quick, lasting, waterproof—wholly satisfactory. Black and Tan—10 and 25 cent boxes and 15 cent collapsible tubes.

AT ALL DEALERS.

AN UNPLEASANT INCIDENT

Although a very large vote was polled yesterday, the best of feeling prevailed generally. The only unpleasant incident occurred in the polling booth shortly after the opening of the poll. The booth was in the city hall. J. G. Kinnaird, secretary-treasurer, was returning officer, and there were two deputies and poll clerks, so that two voters could vote at the same time. J. R. Boyle, as one of the candidates desired to remain in the polling booth or room, and at the request of the returning officer, took the necessary oath of secrecy as to the marking of ballots. Shortly afterwards two of Mr. Boyle's sisters came into the room to vote. The returning officer called the attention of the deputies to their presence and said that only one of them was entitled to vote. Mr. Boyle stood up and began to explain that they were both entitled to vote. The returning officer ordered him to sit down. Mr. Boyle refused. Mr. Kinnaird then said that if he did not sit down he would have him removed by the constable. Mr. Boyle claimed the right as a candidate to protect his own interests in the booth, and said if Mr. Kinnaird desired him to leave, he would have to take the responsibility of having him removed. Mr. Kinnaird then ordered the constable to remove Mr. Boyle, which was done. After some further discussion and explanation, both ladies polled their votes. The names of both were on the voters' list, and they had paid their taxes. What the people want to know is: If a candidate has not the right to speak in behalf of his own interests in the polling booth, why is he admitted? If a candidate has any right in the polling booth, it would seem to the ordinary observer that the returning officer exceeded his authority in a very unwarranted and arbitrary manner.

Red Deer Waterworks

Advocate:

The laying of the pipes and the placing of the hydrants have been completed on the Red Deer Water Works. The intake system is almost ready for use and all that remains to be done is the installing of the pump. As soon as this is done the business portion of the town will be protected by an adequate water supply.

The pipes now are run along Gatz Ave. from Douglas to Alexandra Sts., on Ross Ave. from Holt to McKenzie Ave. and from Ross Ave. along Holt to Mann St. and along Mann to join the main on Gatz Ave. Thus all the business portion can be reached easily. A few days after the pump arrives—which should be almost any time now—the system should be complete.

MARKS STOCK COMPANY

The Tom Marks Stock Company showed to a crowded house in Robertson Hall last night. The play presented was "Jerry the Tramp," it being amusing and highly entertaining. The different characters played their parts splendidly, and the plot worked out with an ease and finish that delighted the audience. The company were accorded very liberal applause. Tom Marks, as Jerry the Tramp, took a most difficult part, but his clever acting, added to a certainly very grotesque make-up, left little to be desired. A. E. Bollovs, as Hugh Mannering, the villain of the play, acted the part to the life. Catherine Rothe, as Nana Lee, and Palmer Moor as Jack Fairlight, were also very good. The other characters took their parts to good advantage.

A big feature of the Marks Stock Company's shows are the specialties. The specialties are put on immediately after the curtain is rung down on the play, and a continuous programme is thus given. The specialties last night were a whole show in themselves. Miss Rothe, on the slide trombone, was excellent. The illustrated songs were greatly enjoyed. As on the first night, the acting of little Harry King brought down the house. All the other specialties, singing, dancing, etc., were thoroughly enjoyed.

The company remain in the city all the week. They give a matinee, "Cinderella," at 4.15 o'clock this afternoon.

The play for this evening is "The Duke's Daughter."

THE IRISH BOARDER

Held over from yesterday.

The Tom Marks Stock Company presented "The Irish Boarder," to a large house in Robertson Hall on Monday night. The company is one of the best, if not the best, of its kind that has appeared in Edmonton for a long time. The play was cleverly presented, and the audience were very generous with their applause. Tom Marks, as Dennis Donovan, the Irish boarder, played a difficult part to great advantage. All the characters were good, and the play passed off smoothly.

The Marks Company differed most noticeably from other similar companies in their specialties. Monday night these were splendid. In fact, forming a whole show, and a clean show, in themselves. Master Harry King, in his clever acting, took down the house. Miss Rothe, on the slide trombone, was splendid. The illustrated songs, dancing, etc., with which the company were very liberal, were all good.

The company appear again this evening in Robertson Hall.

Christmas Presents.

If you have not already enquired from yourself what you will get for Christmas as a present to your friend, you will certainly soon be doing so

**Many People**

Are disappointed in getting the right thing, because they put off purchasing too long. This is why we want to remind you so early to buy your goods before stocks are depleted. Ross Bros. Limited, have a lovely stock of Holiday Goods, consisting of Ladies' Embroidery Sets, Scissors either single or in Sets, Gentlemen's Travelling Companions, Manicure Sets, Razors and Pen Knives.

Cutlery

Of every description, Plated Ware, Shaving Sets, Carving Knives and Sets and Skates and in fact a thousand and one things, that space will not permit to mention. Now these goods are not cheap goods, but are good goods that will be sold cheap. We realize that nearly everyone buying a present for their friends wants to get as nice an article for as little money as possible, with this idea in sight, we have "remarked" much of our holiday goods and we feel confident that you can buy from us nearly twice the amount for the same money, as you can do elsewhere in the city.

**This Seems To Be**

A pretty broad statement but if you will call and inspect and ask the price we are sure you will agree with us. Now remember that we have not got all the Christmas Goods in town and we expect that our supply will soon be exhausted, so come early and pick out what you want and we will keep it for you until such time as you instruct us to deliver the goods.

WEDNESDAY, DECEMBER 14, 1904

IMPROVEMENT OF SEED

By instruction of the Hon. Minister of Agriculture another distribution will be made this season of samples of the most productive sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured mainly from the excellent crops recently had at the branch Experimental Farm at Indian Head in the North-west Territories. The distribution this spring will consist of samples of oats, spring wheat, Indian corn and potatoes. The quantity of oats to be sent this year will be 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn and potatoes will weigh 3 lbs. as heretofore. A quantity of each of the following varieties has been secured for this distribution:

Oats—Wide-Awake, Improved Ligorno, Waverly, Goldfinger, Abundance and Thousand Dollar.

Wheat—Freston, Red Fife, Percy Stanley, Huron, Laurel and White Fife.

Barley—Six-rowed—Mensury, Odessa, Mansfield, Claude and Royal. Two-rowed—Sidney, Invincible, Standwell and Canadian Thorpe.

Potatoes—Carman No. 1, Early White Prize, Canadian Beauty, Uncle Sam, American Wonder, Bovee, Early Andes and Late Puritan.

Every farmer may apply, but only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley or potatoes, and applications for more than one sample for one household cannot be entertained. These samples will be sent free of charge through the mail. Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 1st of March, after which the lists will be closed, so that all the samples asked for may be sent out in good time for sowing. Parties writing should mention the sort or variety they would prefer, with a second sort as an alternative, and should the available stock of both these varieties be exhausted, some other good sort will be sent instead. Those applying for Indian corn or potatoes will please bear in mind that the corn is not available for distribution until March or April, and that potatoes cannot be mailed from here until danger from frost in transit is over.

WM. SAUNDERS,
Director Experimental Farms,
Ottawa, December 1st, 1904.

Government by Commissioners

Toronto, Dec. 10.—Government by commission is favored in Toronto. Commenting on this phase of the elective system of government, one of the officials at the city hall has outlined a scheme which would preserve responsibility to the people and at the same time secure all the advantages of government by commission. He suggested that an electoral college to consist of say fifteen members should be elected by the city at large, and that they should select a commission of three to conduct the city's business, it being understood that no member of the electoral college could be appointed to the commission. The commissioners should hold office for five years, and be made personally responsible for the expense which might result from the incompetence or the gross errors of the various heads of departments. A salary of \$15,000 a year should be sufficient to make the giving of such a bond possible.

By spending all their time at the hall and supervising personally every department, a good deal of municipal dead wood could be cleared away, and better service could be secured for the ratepayers for the same money as they pay now. In five years a new electoral college could be elected, and the commission reconstructed.

Nova Scotia Wool.
Nova Scotia sheep grow the best wool in the world. The air, climate and grazing give a strength, elasticity and softness to the wool, that cannot be duplicated anywhere else. The only underwear in Canada, made of Nova Scotia wool, is

Stanfield's Unshrinkable Underwear

The wool—process—knitting—workmanship—all combine to produce the best woolen Underwear Stanfield's. Every garment is guaranteed unshrinkable, by the only guarantee worth considering—"money back if unsatisfactory."

Wear "Stanfield's" this winter.

WHAT COSTS MOST

WHOLE lot of people fancy the cigar business is a snap!

They figure out that all you need is some cases of tobacco, a few cigar makers, and the name of some stage

favorite or prominent man.

The quality of the filler does not interest them at all—the binder is beneath their notice—but the wrapper and the name is all important.

They can sell this kind of cigar at \$55.00 a thousand, give a gold watch into the bargain, and then make a good size profit.

The principal cost of Pharaohs is in tobacco—I buy the best filler in the world—a Cuban leaf—one I select myself from the best of the Manicagua district, in the Province of Santa Clara—a Connecticut broad leaf as binder, the most expensive in the world—and I import a clear leaf Sumatra from Holland as wrapper.

I secure by this means a superb cigar, a fragrant, even smoker—very palatable—very superior to the ordinary run of cigars.

THE VOTE IN WINNIPEG

ALDERMEN ELECTED

By-Law to Raise Money to Build Gas Plant and Police Station still in Doubt

Winnipeg, Man., December 13. — The municipal elections were held to-day. The following aldermen were elected: ward 2, H. Sandison; ward 3, J. G. Lalimer; ward 4, J. G. Harvey; ward 5, Moses Finkelstein. All others were elected by acclamation. The by-laws to raise \$400,000 for a municipal gas plant, and \$100,000 for a new police station, were voted upon but the result is in doubt, it being a question whether or not the necessary three-fifths vote was polled.

GREAT FIRE RAGING

IN MINNEAPOLIS.

Damage to the Extent of Three Million Dollars has Already Been Done. Loss Will Total \$5,000,000.

Minneapolis, Minn., December 14. — Probably the worst fire that the city of Minneapolis has ever known, is raging here, and already at 12.30 o'clock last night, three millions of dollars' worth of property had been destroyed, with prospects that the total loss will reach at least five millions. The fire started in the photographic supply house of O. H. Peck & Co., on Fifth street and First avenue south, and in less than half an hour this building was a mass of wreckage.

New Military School

Montreal, December 14. — A letter was received at the city hall to-day from the militia department, Ottawa, saying the Government had finally decided to erect a military school on Lafontaine park. The site chosen on the park will be in the vicinity of Hamel and Sherbrooke streets.

Reciprocity Negotiations

Washington, D. C., December 14. — Negotiations are now pending looking to a convention for a discussion of the Canadian reciprocity of the joint high commission, representing the United States and Great Britain.

Providing Seed Potatoes

Dublin, December 14. — As the result of an investigation into the failure of the potato crop in Ireland the Government has authorized the local Government to advance money to the boards of guardians, for the purpose of providing seed potatoes.

Fatal Explosion

Niagara Falls, December 14. — A serious explosion of dynamite occurred at the Toronto Power Company's construction, blowing one man to pieces and injuring eight others.

Licence Inspector

Winnipeg, Man., December 14. — W. A. Lawson has been appointed provincial licence inspector in place of McKay, who resigned.

THE MARKETS

Butter—The price of butter remains practically unchanged. Fresh prints bring twenty-five cents per pound.

Eggs—Fresh eggs are very scarce, and from thirty to thirty-five cents a dozen is paid.

Potatoes—Forty cents a bushel is now being paid.

Hay—The hay market is now very fluctuating. The demand is kept well supplied. The price paid averages about six dollars and a half a ton. Catch prices, however, are often as high as eight dollars a ton.

Pork—The demand for hogs is still strong, although the price has taken another drop. From three and a half to four cents a pound is now paid.

Beef—From two to two and a quarter cents a pound is paid. Cattle, however, are bought almost altogether by the head.

Mutton—Sheep bring from four to four and a half cents a pound live.

Poultry—Chicken, six cents a pound. Live ducks, ten cents a pound. Dressed; geese, eleven cents a pound; dressed; and turkey, twelve cents a pound, dressed.

Barley—Barley deliveries are heavy and the price has dropped to twenty-two cents a bushel for feed and thirty cents for milling barley. Oats—Oat deliveries are very light. The price remains nominal at from twenty-one to twenty-five cents a bushel.

Wheat—Wheat deliveries are improving slightly. The price paid runs up to eighty-five cents a bushel.

COUNCIL MEETING

The regular meeting of the city council was held in the usual place last evening. Councillor Cushing accepted the chair in the absence of Mayor Short. The minutes of the last meeting were read and confirmed.

A petition presented, requested that J. W. Ford be given permission to build a livery, feed and sale stable on Lot 4, block 5, river lot 10, near the Queen's avenue public school. The request was granted.

The secretary-treasurer reported the result of Monday's poll.

A communication from W. H. Heathcote, secretary of the fire brigade, asking that the council have all the fire tanks in the city carefully inspected, and that they be kept full of water. The secretary further reported on three fires of recent occurrence in the city.

The question of street improvements for the coming year was fully discussed. The engineer was instructed to obtain information regarding steam rollers, stone crushers, and other street machinery, and report to the council.

The secretary reported that arrangements in connection with the sale of city debentures would be concluded by the end of the year.

The city engineer reported that the set of scales formerly used at the city market had been installed at the power house. Permission had also been granted Ben Baker to have the front of Claassen's fruit store altered by installing a large window. The premises will be occupied by a barber shop.

A. W. Ormsby, city electrician, in a report, recommended that a discount of twenty-five per cent on the electric light charges be given to large business houses in the city on the flat rate. He also recommended the purchase of a transformer to \$1000, C. B. Chicago.

R. H. Tighe, who has laid a claim against the city for injuries sustained in falling into a sewer excavation near the Richelieu was offered \$50.00 in settlement of his claim, without prejudice.

Councillor Cushing was appointed acting mayor during Mayor Short's absence.

Comfortable Living WITH A Chatham Incubator

Poultry raising with a Chatham Incubator is a very profitable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply and Great Britain is always clamoring for more. That means a steady market and good prices for chickens. You cannot raise chickens successfully with a setting hen. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator. It will pay you to own a Chatham Incubator.

Chatham Incubators contain every improvement of importance in incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, case within case. Between these walls mineral wool is packed forming the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators which are an infallible means of regulating the temperature.

No cash to pay until October, 1905.

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you until next Fall. That means that you can take off seven or eight hatches and make considerable money out of the incubator before the first payment becomes due.

We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We make it to show our supreme confidence in the Chatham Incubator. We want you to accept this offer as we are sure of the satisfaction our Incubator will give. Every machine we have put out so far has made other sales in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us without one cent of cash from you. You make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer you get it cheaper. Could any offer be fairer or more generous?

SMITH PATON, GENT., November 1904, 1904. The Incubator and Brooder that I bought from your agent, on the 1st of May, has given me the greatest satisfaction. I am very much pleased with both Incubator and Brooder, and would not be without them, because I showed this season, more than the Incubator and Brooder cost me.

Your respectfully,

MRS. W. HYSLOP.

Write us to-day for full particulars of our offer and mention this paper.

Don't put it aside for another time as this special proposition may be withdrawn at any time.

NOVEMBER WEATHER

The weather map for November has been issued by the "Government weather office, Toronto. A great deal of valuable and interesting information is given. A comparison between the highest and lowest temperatures in British Columbia and the Territories shows the different characteristics of the climate in the adjoining parts of the Dominion. The days are about the same temperature in both regions, but there is very little difference between the nights and days in British Columbia, while in the Territories the difference is very marked.

The following are the highest and lowest temperatures recorded at various stations:—

British Columbia.—Victoria, 60, 34; New Westminster, 60, 30; Barkerville, 54, 6; Kamloops, 63, 26; Agassiz, 57, 35.

North-west Territories and Manitoba.—Edmonton, 63, 2; Battleford, 61, -4; Prince Albert, 57, -10; Calgary, 60, 6; Medicine Hat, 68, 10; Swift Current, 64, -2; Qu'Appelle, 65, -2; Minnedosa, 66, -4; Winnipeg, 65, -2.

General remarks.—North-west Territories and Manitoba.—An unusually fine, mild month with very meagre precipitation, and up to the 24th very little frost was recorded; afterwards, however, more wintry conditions set in with some light snowfalls, the weather becoming gradually colder, the temperature decreasing to zero and below by the 29th and 30th. Edmonton.—November has been a warm month with no rainfall; ground did not freeze and ploughing was possible till the latter portion, a larger area than usual has been ploughed. Threshing about over, yield good and quality in wheat and oats fair, barley good; river closed on 28th. Calgary.—Fine weather continued during November, chinook winds being prevalent. Building operations are being carried on as briskly as in midsummer. Only one light snowfall occurred. Medicine Hat.—The weather throughout November was exceptionally fine and open, southerly winds prevailing; slight frost on a few nights only. Qu'Appelle.—About half this year's crop marketed; very little snow. Minnedosa.—November a beautiful month; threshing finished; good yield; river frozen on 28th; both wheels and sleighs used.

BOARD OF TRADE MEETS

A meeting of the council of the board of trade for 1904 and the newly elected members of the council for 1905 was held in the council chamber last night. There was a large attendance.

W. Wilson Irwin, representing T. M. Knappen, of Minneapolis, president of the Western Canadian Immigration Association addressed the meeting. A sum of fifty thousand dollars has been raised by the association for immigration purposes. The annual meeting of the association has been fixed for January 5. The different centres of population in the Territories are expected to send delegates to the annual meeting of the association. Mr. Irwin requested that Edmonton delegates be present to take part in the discussion on how the money set aside for immigration purposes should be spent. The matter was fully discussed, and it was finally laid over for discussion at a future meeting.

J. H. McDonald, of Strathcona, representing the Strathcona Board of Trade, addressed the meeting. A delegation of ten members of the Strathcona board of trade and town council have been appointed to meet a similar delegation of the Edmonton board of trade and city council to discuss steps to have a high level bridge created over the Saskatchewan valley between Edmonton and Strathcona, to be used by the three railways. This matter was very fully discussed, and was finally laid over for further discussion at a later meeting.

Election Protests

Halifax, December 13.—Petitions were filed to-day against the return of Hon. W. S. Fielding in Queens, Sunbury; Hon. Sir Frederick Gordon in King's; F. A. Laurence in Colchester; H. Logan in Cumberland; E. McDonald in Pictou; and J. B. Black in Hants. The usual corrupt practices are alleged.

Regina, December 13.—Petitions against the three Conservative seats in the Territories were entered. The usual corrupt charges were made.

Ontario Politics

Toronto, December 14.—The only Ontario Dominion election petitions entered are, North Grey, Liberals; and Norfolk, Conservatives. The original intention was to hold the Ontario elections on December 20 but the revelations regarding the ballot boxes at Belleville seems to have compelled the Government to delay.

The intention of the Conservatives is to go on with the North Grey protest.

EXCITEMENT AT EGG LAKE

There is considerable excitement in real estate in the vicinity of Egg Lake, north of Morinville. Mr. Williams is securing options on all the farms in the vicinity at an average price of \$2,000 per quarter section, which is considerably above the present value for farming purposes. He pays a small amount down, and has an arrangement about the balance.

The object of the purchase is given out as the establishment of a large ranch; but the residents are of opinion that the reason is the presence of petroleum indications, in the vicinity. These indications have been known for many years, and some attempts at development have been made, but without success. On the strength of these old indications, the C. P. R. reserved several sections of their land in the vicinity from sale, and so far as the public are yet aware, it is reserved still. The indications are streaks of mineral tar showing at the surface. This tar was analyzed by the Government analyst at Ottawa, and pronounced to be an evidence of the presence of petroleum.

Candidate for M. L. A.

Advocate:

At a meeting of the Red Deer Liberal Association on Monday night it was decided to submit the name of John T. Moore to the general convention as a suitable candidate to contest this district for the Legislative Assembly; taking the place of P. Talbot, who has been elected to the Dominion House.

Mr. Moore is a fluent speaker, a strong debater and would be no cipher to the house. In fact few men in this riding could so ably represent the district. He has large interests here and is a man of progressive ideas, with a large and varied experience with public questions. In these times of great growth and perhaps in the near future provincial autonomy such men as John T. Moore will not remain inactive, and if elected he can be depended on to be alive to the interests of our great district. It is to be hoped that the convention at Lacombe will confirm the nomination.

Gerald:

At a meeting of the Ponoka Liberal association Monday night, delegates were appointed to the convention to be held at Lacombe on the 15th inst. for the purpose of placing in nomination, a candidate for M. L. A.

The Ponoka delegation were instructed to support C. D. Algar for nomination as the representative from this constituency in the local assembly. This is in harmony with our article last week in which it was stated that the Ponoka district from a sectional view point was entitled to the representative at the forthcoming election and it is hoped that at the convention he will succeed in securing the support of a sufficient number of delegates to secure his nomination. Mr. Algar is a man well and most favorably known in his own district and also particularly well acquainted throughout the constituency and perfectly familiar with the needs of the district. A man of good business ability, mature judgment and not biased by sectional feeling, and would make an able and impartial member, if honored with the election of M. L. A. Practically the unanimous support of the local association is the best evidence of his strength at home.

The Chinook Province

Gerald:

The suggestion made by a speaker at the citizens' meeting Monday night that Calgary at once begin the work of securing the capital of one of the provinces to be carved out of the Territories, touched a problem that appeals to every resident of this part of Alberta. Mr. Jones' reference to a division of the Territories on climatic lines was interesting. His allusions to a "Chinook belt" are unique and worth serious attention. This would throw together the various parts of a rich section of the country, of which Calgary is the centre. Their interests are identical, and their natural resources harmonious. Provincial government under such conditions would be infinitely easier.

"Calgary, the capital of the Chinook Province," would sound well.

Dairying in the Territories

The dairy division of the department of agriculture at Ottawa has again this year operated a number of creameries in the North-West Territories, so that farmers in districts adapted to dairying might be able to obtain a cash income from their cows until such time as they are able to carry on the work for themselves. Considerable attention has recently been devoted to developing new markets for the butter produced, and the results have been quite satisfactory. In spite of the fact that the price of butter has been lower in Eastern Canada this year than last, the patrons of the North-West creameries have received an average net price of 20.98 cents per pound for the butter manufactured from the cream supplied by them, over a cent a pound more than in 1903, and the highest price ever obtained for the season's output of the Government creameries.

British Columbia has naturally been the chief market for Territorial butter in the past, and still continues to take the bulk of the shipments. Freight rates and other expenses are so heavy that a satisfactory trade with Great Britain cannot be carried on at present, but a considerable export trade is being developed with Japan and other oriental countries. Before the Osaka exposition there was scarcely any Canadian butter sold in Japan, but in spite of the war, some 34,000 pounds have been shipped to that country from the Government creameries during the first ten months of the year. The total consumption of butter in Japan is not large, but there are indications of a decided increase in the demand for Canadian butter at the close of the war.

The Yukon butter trade is also being recovered for Canada. The total amount consumed in that territory annually is over 500,000 pounds, of which nearly 200,000 pounds has this year been contributed by the Government creameries in the North-West Territories. When the country was first opened several shipments of tinned butter

sent up by Canadian firms, were found to be of very inferior quality, and consequently the Canadian article got a bad name, and the market was practically monopolized by the United States. Indeed until 1903 about the only Canadian butter used in the Yukon was that sent to the Mounted Police. Meanwhile the dairy division has been testing various styles of tins and other packages, and has found that a first class article, properly packed, could be shipped there at a profit. Orders for 90,000 lbs were received last year, and the amount has more than doubled this year as mentioned above.

There has been some opposition to our stringent legislation, such as the Dairy Products Act of 1889, and the Butter Act of 1903, which forbids the manufacture and sale in Canada of adulterated dairy goods including filled cheese and process butter. The Hastings cheese case, recently reported in the press has shown that if our dairy laws had been one whit less strict, Canadian cheese trade would have received a blow which it would have required years to recover. The case in question is still fresh in the public memory. A leading firm of grocers in Hastings, England, was charged with selling as pure cheese an article which the local analyst alleged was adulterated with foreign fat. Fortunately the Canadian high commissioner and the chief inspector in Britain of the Department of Agriculture, were able to present a vigorous defence, backed up by indisputable evidence, forwarded from Canada by the chief of the dairy division. It was shown that in Canada the manufacture of margarine or filled cheese was absolutely prohibited under heavy penalties, and the conditions of manufacture were such that it was quite impossible for this to happen without the fact coming to the notice of the authorities. The purity of the cheese was admitted, and the charge finally dismissed, when it was found that the Canadian contentions were proven by the report of the Government analyst, which showed that the sample in question contained 24 per cent of milk fat, and no foreign fat whatever.

The case has attracted almost universal attention in Great Britain, and the triumphant vindication of the purity of the Canadian dairy product will prove of great advantage as an advertisement for our goods. If, however, our dairy laws had been lax, or our departmental organization imperfect on either side of the Atlantic, the result might have been different.

Fort Saskatchewan and Vegreville

STAGE LINE

Leaves Edmonton for Vegreville Monday 8.30 a.m.

Fort Saskatchewan Monday 11.30 p.m. and arrives at Vegreville Tuesday 7.30 p.m.

On the return trip the stage leaves Vegreville Wednesday 1.30 p.m. and arr. Ft. Saskatchewan Thursday 7.30 p.m. and Edmonton Friday 12.30 noon.

LOCAL

—A flurry of snow on Sunday night has improved the sleighing very much, and business has brightened up accordingly.

—Miss Bessie Phillips will give a pupils' recital in All Saints' church school room on Friday next, December 16th, at 8.15 p. m. All are cordially invited.

—A light case of small pox has been discovered on the Indian Reserve at Whitefish Lake. The place has been quarantined and the necessary precautions taken.

—The Sisters in charge of the Edmonton General Hospital acknowledge with thanks the following donations:—Messrs. Larue & Picard, 1 barrel of apples; Mr. W. H. Hooper, Sr., cheque; A. Friend, 2 boxes of apples.

—Over forty loads of coal were weighed at the city market in three hours and a half yesterday afternoon. In the same time one hundred and thirteen loads of marketable stuff, including hay, coal, etc., were weighed.

—The social evening given under the auspices of the ladies of St. Joachim's church last evening in Hourston's Hall was very largely attended. Several had to be turned away, the hall being insufficient to accommodate the large number who sought admission. The principal part of the evening's entertainment was card playing, the prizes going as follows:—Gentlemen's first prize, Mr. Rice; Gentlemen's booby prize, J. A. Connolly, of Strathcona; Ladies' first prize, Mrs. Bilodeau; Ladies' booby prize, Mrs. Larue. Refreshments were served. A very enjoyable evening was spent.
